for OU #2

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the revised Treatability Study Work Plan for Operable Unit #2.

U.S. EPA hereby approves the Work Plan. However, although the United States Department of Energy has adequately responded to U.S. EPA's comments, the Work Plan must be changed to reflect the responses.

Please contact me at (312/FTS) 886-0992 if you have any questions.

Sincerely,

James A. Saric
Remedial Project Manager
